

**NOTIFICATIONS OF FINAL REGULATORY ACTION FOR CHEMICALS NOT LISTED
IN ANNEX III AND WAITING A MATCHING NOTIFICATION OF FINAL
REGULATORY ACTION FROM ANOTHER PIC REGION**

(as of 12 June 2020)

The list below includes notifications of final regulatory action verified as containing all the information requirements of Annex I of the Rotterdam Convention.

This is not an inclusive list of all notifications received. The list does not include notifications for chemicals that are already included in Annex III, or notifications for chemicals that are already recommended for inclusion in Annex III by the Chemical Review Committee (CRC), or notifications that were reviewed by the CRC and found to not meet the Annex II criteria of the Convention.

In order to initiate the review process for inclusion of the chemical in Annex III of the Convention and the PIC procedure, another notification for the same chemical from a Party in another PIC region would be needed.

Notifications with chemical names marked with an asterisk (*) are those reviewed by the CRC and concluded that the criteria of Annex II were met.

The Secretariat encourages Parties to consider giving priority to submitting notifications of final regulatory action for any of the chemicals listed below, especially Parties that are from another PIC region to that of the notifying Party of these chemicals.

Summaries of the information contained in the notifications for the chemicals listed below are available on the online database of notifications of Final Regulatory Action at:
